

## Instructions for first-time login to WeBWorK

First go to my WeBWorK page:

<http://gauss.vaniercollege.qc.ca/webwork2/rags>

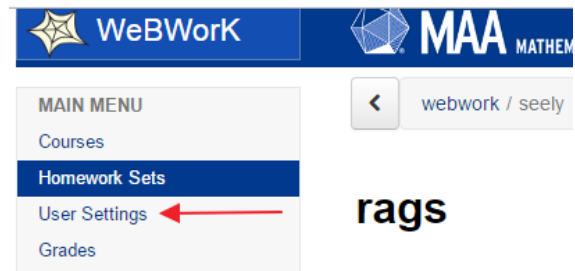

Log in with your student number as username and as password. (You will – **you must!** – change your password next!)

The screenshot shows the WeBWorK login interface. At the top, there's a blue header with the WeBWorK logo and the text 'webwork / rags'. Below this, the username 'rags' is displayed. A prompt says 'Please enter your username and password for rags below:'. There are two input fields: 'Username:' and 'Password:'. A red arrow points to the 'Username:' field. A 'Continue' button is at the bottom.

When you log in you will see a screen with the homework assignments listed. (Usually you will click on the one you want to do.)

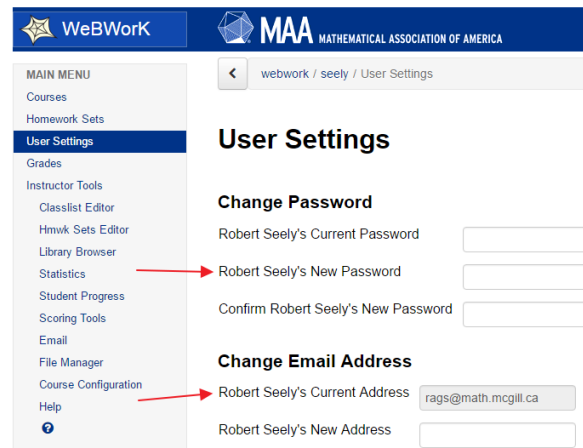

**But first:** change your password and enter your email address. To do this, first click “User Settings”, as indicated in the picture.

The screenshot shows the WeBWorK main menu. At the top, there's a blue header with the WeBWorK logo and the MAA logo. Below this, there's a 'MAIN MENU' section with links: 'Courses', 'Homework Sets', 'User Settings', and 'Grades'. A red arrow points to 'User Settings'. To the right, there's a breadcrumb trail 'webwork / seely' and the username 'rags'.

You will get the usual sort of dialogue box: just enter your current password (initially your student id), and then your new one (and confirm it). Next enter your email address (there will not be a current one the first time you do this, but if you need to alter your email address, the former one would be displayed, as you see in the picture).

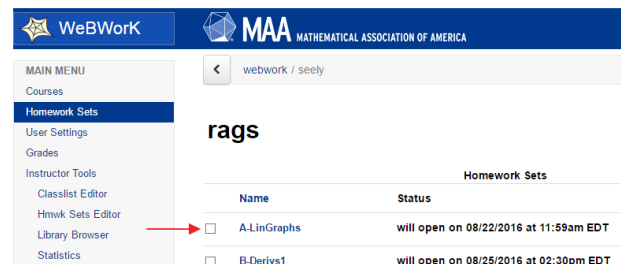

**YOU MUST ENTER A VALID EMAIL ADDRESS!!** (Speak to me if that’s not possible for some reason, please.)

The screenshot shows the 'User Settings' page. At the top, there's a blue header with the WeBWorK logo and the MAA logo. Below this, there's a 'MAIN MENU' section with links: 'Courses', 'Homework Sets', 'User Settings', and 'Grades'. A red arrow points to 'User Settings'. The main content area has two sections: 'Change Password' and 'Change Email Address'. The 'Change Password' section has three input fields: 'Robert Seely's Current Password', 'Robert Seely's New Password', and 'Confirm Robert Seely's New Password'. The 'Change Email Address' section has two input fields: 'Robert Seely's Current Address' (with the value 'rags@math.mcgill.ca') and 'Robert Seely's New Address'.

Then go back to Homework Sets (click on that phrase), and do the first undone assignment.

Let me know if you have problems. Since you’ve entered your email address, whenever you click “Email WeBWorK TA”, not only will I get your message, but I’ll also know who it came from and be able to reply. (If you don’t enter your email address, I won’t know either, and you might as well not email your question, as you won’t be able to get your answer!)

The screenshot shows the 'Homework Sets' page. At the top, there's a blue header with the WeBWorK logo and the MAA logo. Below this, there's a 'MAIN MENU' section with links: 'Courses', 'Homework Sets', 'User Settings', and 'Grades'. A red arrow points to 'Homework Sets'. The main content area has a table titled 'Homework Sets' with columns 'Name' and 'Status'. The table lists two assignments: 'A-LinGraphs' and 'B-Derivs1'. The 'Status' column shows the due date and time for each assignment.

Name	Status
<input type="checkbox"/> A-LinGraphs	will open on 08/22/2016 at 11:59am EDT
<input type="checkbox"/> B-Derivs1	will open on 08/25/2016 at 02:30pm EDT
